

MACHINE SPECIFICATION

SLOTTING & BT CUT MACHINES

Driver slots and self tapping notches that finish screws and Type BT fasteners after threading.

MADE IN INDIA

SINCE 1988

TWO PLANTS

KEY BENEFITS

CLEAN FINISH

Two pass cutting with automatic chip removal, no burrs.

SELF TAPPING

The BT notch lets screws cut their own mating thread.

LOWER ASSEMBLY COST

No pre tapped hole or nut needed on assembly.

QUICK CHANGEOVER

Swappable dials adapt to different screw sizes.

WHY ADHUNIK ENGINEERS

THE COMPLETE LINE

Cold heading, thread rolling, trimming and slotting, all from one maker.

THREE GENERATIONS

Family run precision engineering since 1988.

SPARES ON HAND

Genuine spare parts kept in stock to keep you running.
